

Please don't implement any proposal that would lessen Indiana's Telephone Privacy law protections. I have had far fewer calls at home since this was implemented. Time that's far better spent with family than warding off unwanted solicitors!

I used to receive almost a dozen calls a week. Since I've signed up, I've received one (Waterfield Mortgage) in almost a year!

Please help us retain our freedom to choose privacy!

Thank you.
Linda A. Lee
